Pudsey Day

By: Evie W

On Friday, 19th November, Hawley Primary participated in Children In Need. This event is done to raise money to help children across the country. This year, Pudsey Bear came to Hawley. We picked our Pudsey clothes and wore them to school. Our theme this year was Spotty/Dotty. A lot of people came to school wearing spotty clothes. We remembered to bring in our money to donate to Children In Need. Mrs Leahy also did face painting during lunchtime and children paid to get their faces painted in spots. We also did a disco fun run. We did the Golden Mile in the playground with music playing. Pudsey is a lovely, rare and kind bear. He is a symbol for Children In Need. He is as important to us as Paddington Bear.

Children's Mental Health at Hawley

By Hannah B

Children's mental health is extremely important to everyone in Hawley Primary, but we also know that it is important to parents at home so we would like to give you some information about how we deal with mental health here at Hawley Primary School.

Here at Hawley, we like to call ourselves the Hawley family. That means that we treat everyone equally. Sometimes, children can be rude to other children, although we try to stop this as much as we can by being good role models. When children have bad days at Hawley, we try to cheer them up as much as we can.

We have interviewed a Teaching Assistant called Mrs Reaney. "If children are having bad days, I will listen to them and try and make them focus on the positive things and things they could look forward to". Pupils are looked after at Hawley so parents can rest easy knowing that the children here are safe and sound.

Climate Change

By Theo W

The world, our world, is in danger because of climate change. The world is changing. Bills and electricity are getting higher, pollution is getting worse and floods and earthquakes are becoming more deadly. People are cutting more trees. The weather is getting hotter in the summer and colder in winter. Our lives are at stake. God or any other religion gave this world to live in so we should keep our world SAFE.

The climate is turning very bad. If this continues, the world will be marooned to dust. This is our world to live in for many millions of years. It is our job to look after our planet and make it better. We should all be like Greta Thunberg. She has worked so hard in trying to convince people to save the Earth.

Planet Earth

By Maria O & Joseph C

Seals are getting eaten because of the small ice and killer whales. Icebergs are melting which means most animals will lose their homes and start to have nowhere to survive. This means that animals cannot make mates and not have babies. In the rainforests, people are cutting down trees which are destroying the animals' homes and ruining their habitat.

If people keep cutting down all of the trees, we will suffer because trees give us oxygen. Without oxygen, humans cannot live and there will be zero percent of human life in the universe.

In Australia, the crops are drying out and there is less water in rivers and streams for animals and people who live there. Also, animals in the water will have no homes. Polar bears have lost their homes and have less food, we won't know what will happen next... Please do your bit and help save our planet.

The Romans

By Maria O & Joseph C

This autumn term, Years 3 and 4 are learning about the Romans. We are finding out a lot of interesting information. The Romans started a war against the Celts because the Romans wanted gold, tin, wood and silver.

The leader of the Romans was Emperor Nero, and the leader of the Celtic tribe was Boudicca. The Celts had won 200 troops to the Romans, but the Celts barely had any armour and were covered in blue minerals from a plant.

Unfortunately, the Celts lost, and the Romans won the war. The place we now call home used to be the Romans place. We found out candles were made from beeswax. The Celts lost because they were not trained, but the Romans were trained, even though Boudicca had 100,000 soldiers and the Romans only had 10,000.

Were The Romans Really Rotten?

By Jamie T and Ellie D

If you are in Lions, Tigers or Leopards class, you will know if the Romans were rotten already. We are learning about the Roman leaders. There are Roman emperors called Julius Caesar and Claudius. There were a lot more emperors that we can learn about.

If you need to know more about the Romans, come and ask students in Lions, Leopards or Tigers! We came to school on Tuesday, 2nd November dressed in Roman clothes for our Roman Day. It was a lot of fun. Some children dressed up as emperors, slaves, artists and wealthy people. Our teachers also got dressed up. We did a lot of fun activities. We made catapults and even did some marching on the playground. We found out that the Romans used to march for 7 hours during the day! We also did some baking. We made cookies that looked like Roman shields. Mrs Harrison was the best dressed teacher as she came as Boudicca.

Black History Month

By Rebecca H

In October, we celebrated Black History month at Hawley. We talked about important people who had a special part in stopping slavery and racism.

Rosa Parks

Rosa Parks didn't want to give up her seat on the bus when Black people were treated differently. She went to court and prison because she did not let a white person have her seat. Rosa Parks inspired hundreds of people that fought racist people to make things equal for everyone. Our country is so much better at treating people the same way now. We should remember the people who stopped racism.

Harriet Tubman

Harriet Tubman was put to work only when she was seven. She carried loads and loads of buckets across from the slave house to an open farm with adult slaves working hard all day. When she was older, she started to harvest crops and carried on working. One day, she decided to escape her life as a slave. Harriet helped a lot of other slaves runaway and live a life of freedom. She is a brave and courageous woman. She still inspires people today.

Remembrance Day

By Remi C, Ella I and Libby O

On Friday, 11th of November, we made poppies. We painted poppies black and red. Some children came to school in their Scouts and Rainbows and Brownies uniform. We celebrated the soldiers because they died in the war. A soldier came to visit us. His name is Sergeant Power. We sang a song that we learned in class. The soldiers keep us safe and they help people. Remy's great grandad died in war. Remembrance Day is about remembering the soldiers who died. We also had to be quiet for 2 minutes and think about the soldiers on Remembrance Day.

Horse Riding

By Annabelle Bartlam

Have you ever thought about horse riding? I have been horse riding since I was six. It is fun and you can imagine a lot of things when you are riding. To be safe when riding a horse, you need to hold on to the reins. You must trust a horse to ride. It is not easy at first, but once you get used

to riding and you become good at it, you will enjoy it. You must have a horse that's been baked, otherwise she or he might buck. Be safe around horses. The world wouldn't be as fun without horses. I would recommend horse riding because it is so much fun.

Pre-Loved Clothing

By Tia A

Mrs Andrews runs the pre-loved clothing. I think it is awe-

some because if you cannot afford the school uniform on the website, you can talk to Mrs Andrews and see if she has the clothes you need in your size. If she does, she can grab your uniform and you can take your Pre-loved Clothing home. To get some more information, I interviewed Mrs Andrews.

"Why did you start pre-loved Clothing?"

"I started pre-loved clothing for the parents who can't afford school uniform."

"Who can I ask for pre-loved Clothing?"

"You can ask Mrs Andrews or Mrs Lody for the Pre-loved clothing."

Buying the Pre-loved clothing helps families and also the school raise money.

However, on the 25th of November, Mrs Andrews held a black Friday sale where everything was completely FREE! There was so much old uniform that instead of selling them, Mrs Andrews thought it was a good idea to give some away. If you needed any uniform, the hall was the place to be. This is the only day the preloved clothing was free! There are still a lot of uniform left so please speak to Mrs Andrews if you need anything.

Being in Penguin Class

By Anily E Isabelle H, Aria C and Libby O

We do a lot of fun things in Penguin class. We are now in Year 1. In penguin class, it's lovely and beautiful. It is nice. Everyone in Penguin class is very kind. We like to have fun. Our favourite thing to do is maths and drawing. Some people like making junk modelling and playing in the small world area. We enjoy learning about words in phonics and we also enjoy running the golden mile. Our golden mile ambassador gets to choose how many laps to do! It is really fun. We love Penguin Class!

School Trips

By Zara I and Ella I

Fishbourne Roman Palace

The classes Tigers, Leopards and Lions went to Fishbourne Roman Palace on Wednesday 16th November. Our trip was a chance to learn more about the Ro-

mans. We had a great time making candles and exploring the museum! There was even a Roman model of Fishbourne! We had lunch in a hall that had realistic painted windows! It was AMAZING!

The FAST Museum

Year 1 and Year 2 went to the FAST Museum on Tuesday, 8th and Thursday, 10th November. We went there to learn more about aeroplanes and Samuel Cody. It was a lot of fun. We even got to go inside a HELICOPTER! We also went underground and saw a real air-raid shelter from the war. I felt cold in the shelter! All of us got to make paper aeroplanes, which was a lot of fun! We got to see pictures of aeroplanes which was very interesting. We got to see a cardboard picture of Samuel Cody! We also saw a model of his first plane called the Cody Flyer.

Girl's Sport in Hawley

By

As people might know, Hawley is *BIG* on sports and the girls in Hawley has been up to quite a lot sports in the past few weeks! In the Autumn Term 1, Hawley participated in a hockey match and I interviewed the team members to get more info on the match. Leah, Isla, Eva, Elyssia, Jemima, Imogen and Amber spoke to me about their hockey match. "It was really fun! Although no-one knew where it was and we got lost at first...we won all of our matches!"

I then asked them what their favourite moment about it was. They replied with "the defending was the definitely best!"

Also on the 8th of November, the girl's 5/6 football team played a match against St Peters. Not only did I take part in the match, some other amazing girls in the team were: Lore, Sophia, Ella, Ivy, Emily and Lily-Rose. Unfortunately, we lost with a score of 3-1. However, Sophia scored a SMASHING goal!

World Cup

By Oscar G and Jamie T

The World Cup is a tournament in football where football teams from countries all over the world compete against each other. It starts by putting countries in groups. The groups play each other until they reach the knock out stage. Then, it becomes a knockout league, just like the Champions League. There so many teams in the world cup and were in group B! Group B has England, USA, Iran and Wales! You will not want to play against Ronaldo, Messi, Mbappe, Neymar JR and Luiz Suarez. So far, in the groups, some countries have been knocked out. These are countries like Qatar, Mexico, Wales, Iran. On the 18th of the December, the final of the world cup will be held and the new World Cup winner will be announced.

Boy's Football News

By Zachary, Evan and Zak W

Very recently, the boys football team tied a 3-3 draw against Alderwood FC at home. It was a very tight game but still very eventful the whole way through. There was also a multi-school fun run and one of the Hawley students came 2nd with over 100 contestants! It was a great afternoon of sport representing Hawley.

Girls On Track

By Freya M

12 girls from Hawley went to the Girls on Track in Reading. We did go-carting and lots of other stuff! Everyone loved it there, so it was really sad to leave. But let's talk about what we did! We did go-carting and did a pit stop. We also interviewed Leona Theobold and asked her lots of questions! We had lunch at 12:00. After lunch, we made paper go-carts. We also did some coding with Lego cars. Mrs Smith and Mrs Shelly came with us. Our minibus driver was called Paul and he was very nice!

The Girl's Football

By Zara I

The girls' football team is every Wednesday at 12:30 every lunch. It is run by Mrs Spilsbury. We practice for the next football match. Year 5/6 did match on Tuesday the 8th of November. I had a brilliant time. We even got to do penalties at the end of a practice one day! Girls' football is very fun! Sometimes, we also do football in PE so we get extra football time. We love it, it was so FUN! On the 29th which is on a Tuesday, a match took place at our school. We won the match.

Movie Afternoon!

By Lois G and Evie O

Year 4 had a movie afternoon as our treat for receiving 1000 dojos. We thought of so many films we could watch. This included Woody Woodpecker, Luck, Harry Potter Lyle Lyle Crocodile, Luca and Sing. We watched Minions and we ate lovely popcorn. Miss Doughty did not like the smell as she said it smells like cheesy feet, but still really enjoyed our treat!

Jokes!

By Chloe B

What is a little bear called with no teeth?

A gummy bear!

Why did the student eat his home work?

Because his teacher told him it would be a piece of cake.

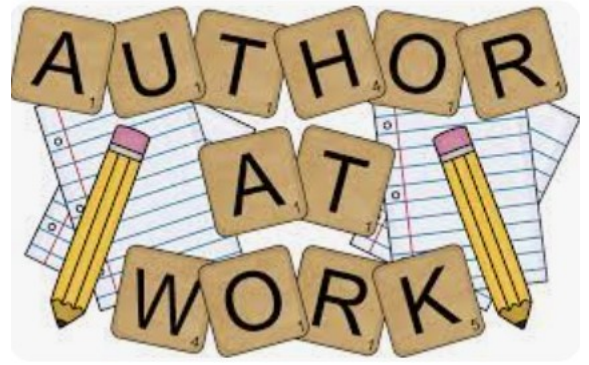

What did one toilet say to another toilet?

You look a bit flushed!

What is a pig's favourite skin care?

OLNKment!

Hawley Fiction: Hawley's Budding Novelists

Science in Space

By Phoebe B

The return of Billy and Nora... we are picking up the story from last year when they left Mars because of the horrible climate, and they could not go back to their shed. Billy and Nora went to Saturn and they had a great idea to stop all the robots, explosions and evil elves. They decided to make a powerful alien robot. But suddenly, Billy got captured by the evil elf! The elf took him back to earth and hid him in the abandoned lab. So now it was all up to Nora to save the day. Nora got to work. In the end, she made an amazing alien robot and named it Save Bot 3000. She got into the robot and went back to Earth. When she got to Earth, she went straight to the lab and she saw Billy. The elf called other elves and they all fought the alien robot and rescued Billy.

Fox in the Magical Tree

By Serenna, Yusra and Luca

Once upon a time, there was a fox and he lived in a tree. He went for a walk but he got lost and ended up in a forest! He looked around but it all looked the same. So he went right and he looked around but he couldn't see anything and then suddenly he saw a lovely dear! Her name was Loran and she guided the fox to a magical place. It had flowers pink, purple and blue with beautiful butterflies elegantly fluttering all around. It was such a calm, quiet place. It was such a nice place!

Then he suddenly found a key. It was a shiny golden key! There was an old, wooden, brown door and the fox opened the door, where he found his home. Yay! He said "I am back home". But it turned out it wasn't his house, it was an old witch's house. He tried to escape, but a witch caught him! So the fox tickled the witch and ran home safely. THE END!

The Snacker

By Florence R

The Snacker was always in the newspaper. And now she saw it. As Hayley turned around, something grabbed her by the hair. There it was. *The Snacker*. In a millisecond she was gone. All that was left was a pile of red dripping onto the floor. A trail of blood ran steadily across the forest as Emily followed it. It stopped and Emily saw a black figure floating in the sky. It had blood-shot eyes. It was Hayley. "You will listen to the snacker" she said in a terrifying double voice. Emily was never to be seen again. Or was she?
