SCHOOL EQUALITIES POLICY

(including Equalities Information and Objectives)

Introduction

We welcome our duties under the Equality Act 2010 as both a provider of education and as an employer.

We believe that all pupils and members of staff should have the opportunity to fulfil their potential whatever their background, identity and circumstances. We are committed to creating a community that recognises and celebrates difference within a culture of respect and co-operation. We appreciate that a culture which promotes equality will create a positive environment and a shared sense of belonging for all who work, learn and use the services of our school. We recognise that equality will only be achieved by the whole school community working together – our pupils, staff, governors and parents/carers.

This document outlines the principles which will guide our approach to working with our school community and enabling an open culture.

For staff and prospective staff, this policy should be read in conjunction with the school's Employment Equality Policy.

National and Legal Context

We recognise that we have duties under the Equality Act 2010 in relation to the school community to eliminate discrimination, advance equality of opportunity and foster good relations in relation to age (applicable only to staff), disability, gender reassignment, race, sex, maternity and pregnancy, religion or belief, sexual orientation and marriage and civil partnership (applicable only to staff).

We also recognise that we have a duty under the Education & Inspections Act 2006 to promote community cohesion, i.e., developing good relations across different cultures and groups.

We also appreciate that these duties reflect the international human rights standards as expressed in the UN Convention on Rights of the Child, the UN Convention on the Rights of People with Disabilities, and the Human Rights Act 1998.

School Context

Hawley Primary School is an average size primary school serving the local community of Hawley, Blackwater and the locality of Camberley in the district of Hart in Northeast Hampshire as well as the nearby Farnborough area. The school's reputation for providing an all-round education for the children has grown and is well respected in the local community.

The school is a one and a half form entry school with 314 pupils on roll (September 2024). The pupil admission number is 45.

(See Appendix A for detailed School Context Information)

Principles

To fulfil our legal obligations, we are guided by several principles.

1. All pupils, families and staff are of equal value

We see all pupils, potential pupils, their parents and carers, and staff as of equal value:

- Whether or not they are disabled
- Whatever their ethnicity, culture, national origin or national status
- Whatever their gender and gender identity
- Whatever their religious and non-religious affiliation or faith background
- Whatever their sexual orientation
- Whatever their marital status
- Whether or not they have a connection with the forces community
- Whether or not English is their first language
- Whether or not they have refugee/asylum status

2. We recognise and respect difference

We recognise that treating people equally does not necessarily involve treating them all the same. We recognise that our policies, procedures and activities must not discriminate but must take account of diversity and the kinds of barriers and disadvantage that staff, parents/carers or pupils may face in relation to their protected characteristics:

- Disability – we understand that reasonable adjustments may need to be made.
- Sex – we recognise that girls and boys, men and women have different needs.
- Gender reassignment – we recognise an individual has the protected characteristic of gender reassignment if they are proposing to undergo, is undergoing or has undergone a process (or part of a process) for the purpose of reassigning their sex by changing physiological or other attributes of sex.
- Religion and belief – we acknowledge that reasonable requests in relation to religious observance and practice may need to be made and complied with.
- Ethnicity and race – we appreciate that all have different experiences as a result of our ethnic and racial backgrounds.
- Age – we value the diversity in age of staff, parents and carers.
- Sexual orientation – we respect that individuals have the right to determine their own sexual identity and that they should not experience disadvantage as a result of their preference.
- Marriage and civil partnership – we recognise that our staff, parents and carers may make their own personal choices in respect of personal relationships and that they should not experience disadvantage as a result of the relationships they have.
- Pregnancy and maternity – we believe that our staff, parents and carers should not experience any unfair disadvantage as a result of pregnancy or having recently given birth

3. We foster positive attitudes and relationships, and a shared sense of cohesion and belonging

We intend that our policies, procedures, and activities should promote:

- positive attitudes and interaction between groups and communities different from each other
- an absence of harassment, victimisation, and discrimination in relation to any protected characteristics

4. We observe good equalities practice in relation to staff

We ensure that our policies and practices for all staff and potential staff throughout the employment lifecycle, i.e., from recruitment through to the cessation of employment and beyond, are applied fairly and consistently across all groups with full respect for legal rights, taking into account aspects applicable to particular groups (e.g., duty to make reasonable adjustments for disabled staff).

5. We aim to reduce and remove inequalities and barriers that already exist

We intend that our policies, procedures and activities avoid or minimise any possible negative impacts and we aim to reduce inequalities that exist between groups and communities different from each other.

6. We consult and involve all stakeholders to ensure views are heard

In our development of policies, we engage with groups and individuals, including pupils who are affected by a policy or activity to ensure that their views are taken into account. For policies and activities affecting pupils, we will take account of views expressed at school council; for parents, through parent governor representation and for staff, through staff governor representation. Where necessary, we will consult more widely with specific groups.

7. We aim to foster greater community cohesion

We intend that our policies, activities and curriculum foster greater social cohesion and provide for an equal opportunity to participate in public life irrespective of the protected characteristics of individuals and groups.

8. We base our practices on sound evidence

We maintain and publish information annually to show our compliance with the public-sector equality duty, set out under section 149 of the Equality Act 2010. Our current equality information can be found in Appendix A to this policy statement.

9. We set ourselves specific and measurable equality objectives

We develop and publish specific and measurable objectives every four years based on the evidence that we have gathered (principle 8) and the engagement we have been involved in (principle 7).

The objectives can be found in Appendix B to this policy statement and take into account both national, county and school level priorities.

We will set ourselves new objectives every four years but keep them under review and report annually on progress towards achieving them.

Application of the principles within this policy statement:

The principles outlined in the policy statement will be applied and reflected in:

- The delivery of the school curriculum
- The teaching and learning within the school
- Our practice in relation to pupil progress, attainment and achievement
- Our teaching styles and strategies
- Our policies and practice in relation to admissions and attendance
- Our policies and practice in relation to staff
- Our care, guidance and support to pupils, their families and staff
- Our policies and practice in relation to pupil behaviour, discipline and exclusions
- Our partnership working with parents and carers
- Our contact with the wider school community

Addressing prejudice and prejudice-related bullying

The school is opposed to all forms of prejudice including, but not limited to prejudice related to protected characteristics. We will ensure that prejudice-related incidents in relation to staff and pupils are recorded and dealt with appropriately.

Roles and responsibilities

The governing body is responsible for ensuring that the school complies with legislation, and that this policy and its related procedures and action plans are implemented and that arrangements are in place to deal with any concerns or unlawful action that arises.

The Headteacher is responsible for implementation of this policy, ensuring that all staff are aware of their responsibilities and given appropriate training and support and for taking appropriate action in any cases of unlawful discrimination, harassment or victimisation.

All staff are expected to work in accordance with the principles outlined in this policy to:

- promote an inclusive and collaborative ethos in their practice
- deal with any prejudice-related incidents that may occur
- plan and deliver the curriculum and associated lessons
- support pupils in their class who have additional needs

The Governing Body believes that fairness and consistency of judgement is essential to the operation of our school. All members of the school have equality of opportunity to achieve their full potential and will not be discriminated against because of age, disability, gender, sexual orientation, nationality, race or religion. The Governing Body believes that the school always has to be aware of the potential for unconscious discrimination, to avoid assumptions about individual members of the school based on stereotypes and to use the teaching and learning arrangements actively to encourage everyone to achieve their full potential.

All policies are consistent with our duty of care to protect our pupils and to provide a learning environment which is safe and healthy. In all dealings we respect the strict code of confidentiality that underpins our school ethos.

We recognise that the public-sector equality duty has three aims, to:

- Eliminate unlawful discrimination, harassment and victimisation and other conduct under the Act
- Advance equality of opportunity between people who share a protected characteristic and those who do not
- Foster good relations between people who share a protected characteristic and those who do not

We have considered how well we currently achieve these aims with regard to the protected groups under the Equality Act (race, disability, gender, gender re-assignment, age, pregnancy and maternity, marital status, sexual orientation, religion and belief and sexual orientation).

We have also involved other stakeholders in the following ways:

- Involvement through Pupil Conferencing
- Parent Questionnaires
- Staff survey
- Contact with parents representing pupils with particular protected characteristics

We recognise that the public-sector equality duty has three aims:

- To eliminate unlawful discrimination, harassment and victimisation and other conduct under the Act
- To advance equality of opportunity between people who share a protected characteristic and those who do not
- To foster good relations between people who share a protected characteristic and those who do not

We have considered how well we currently achieve these aims regarding the protected groups under the Equality Act (race, disability, gender, gender re-assignment, age, pregnancy and maternity, marital status, sexual orientation, religion and belief and sexual orientation).

Having referred to and analysed our equality information, we have set ourselves the following objectives:

OBJECTIVE 1:

To close gaps in attainment and achievement between pupils and all groups of pupils;

To achieve this objective, we will:

- Planning and curriculum provision will engage all children's needs and interests.
- Intervention groups, including tutoring will provide support and challenge.
- Improve parental engagement by enabling families to come into our school and to be a part of the learning experience.

OBJECTIVE 2:

Approaches detailed in the SIP (School Improvement Plan) are used to support groups of learners their full potential

To achieve this objective, we will:

- Quality professional development opportunities in both mediated learning and attachment and trauma approaches
- Accountability through performance management to meet these SIP targets in all classes

OBJECTIVE 3:

To promote equality, diversity and inclusive development and understanding through a rich range of experiences, both in and beyond our school.

To achieve this objective, we will:

- EARA Pupil Voice group to lead this objective through their involvement in the Hampshire Equality, Inclusion and Diversity Project.
- Engage in an ongoing programme of visits in and across the community we serve and to host a regular programme of visitors to our school to share different perspectives, faiths, and cultures.
- Assemblies and the PSHE and RE curriculum provide opportunities for all children.
