SUBJECT OVERVIEW

RE

EYFS Development Matters

- Shows interest in the lives of people who are familiar to them.
- Remembers and talks about significant events in their own experience.
- Recognises and describes special times or events for family or friends.
- Shows interest in different occupations and ways of life.
- Knows some of the things that make them unique and can talk about some of the similarities and differences in relation to friends or family.
- Enjoys joining in with family customs and routines.

Early Learning Goal

Children talk about past and present events in their own lives and in the lives of family members. They know that other children don't always enjoy the same things and are sensitive to this. They know about similarities and differences between themselves and others, and among families, communities, and traditions.

Statutory Content Coverage

Religious education in Key Stage 1

Children in Key Stage 1 will continue to explore and reflect on their own way of life and feelings about this and also continue developing an understanding of religious and non-religious ways of living. They should continue to be encouraged to ask questions and recognise that different people may respond in different ways to their questions.

Children should be encouraged to explore and share their own experiences of the concepts studied. In this way they will begin to attend to other people's experiences of concepts found in religious and non-religious ways of life.

At this key stage the enquiry into what it means to live a religious and non-religious life will be concerned with enquiring into concepts common to all people (A concepts), where children will engage within their own experience. These concepts are also evident in religious ways of life, for example **happy, sad, remembering** and **thanking**. Towards the end of the key stage children should begin to explore concepts that are shared across many faith narratives (B concepts).

At Key Stage 1 the main focus is on A concepts.

Older children within the key stage (Year 2) can also explore B concepts, for example **God** and **symbol**.

- Children will be introduced to terms specific to religions (e.g. Shabbat) but the focus for enquiry into concepts will be rooted in their own experience (for example, **celebrating** is the focus concept, but Shabbat is a Jewish example of this).

Religious education in Key Stage 2

During Key Stage 2 children will develop their dispositions and skills for enquiry further, which enables them to have a more mature understanding of different religious traditions. They should now be able to identify and make their own responses to some of the issues that arise in their own and others' experience with regard to living a religious or non-religious life. They should be encouraged to develop their ability to ask and pursue more perceptive and complex questions.

The focus on B concepts will increase as pupils progress through Key Stage 2.

There will continue to be some cycles of enquiry beginning with children's experiences of A concepts, although these enquiries will usually become more complex and sophisticated in terms of engagement with the concept from the perspective of a religious or non-religious person outside their experience, as the children get older.

In Year 5 and 6 some children will have the opportunity to enquire into C concepts.

As Key Stage 2 progresses, children usually have a broader range of experiences to draw on for their enquiries. They will continue to engage with concepts that are common to all people (A concepts), for example *freedom, authority, sacrifice*, as well as investigate concepts that are shared by many faith narratives (B concepts), for example *holiness, pilgrimage*, and *rites of passage*. Through their enquiries children will also encounter concepts distinctive of particular religions (C concepts), for example *Trinity, moksha, mitzvot*.
